“Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or EACEA. Neither the European Union nor EACEA can be held responsible for them.”

The infosheets are aimed at providing interested users with relevant information on the international dimension of the STRIVE Vietnamese partner universities, enhancing the visibility of their international activities, together with practical information on the mobility opportunities offered by the Erasmus+ programme for students and university staff.

They have been developed as specific websites hyperlinked to the existing Universities' institutional websites, each of which has been customized according to current status of international relations activities. They are available in English and Vietnamese.

The 4 infosheets will be hyperlinked to the STRIVE Internationalization Virtual Center's website once the latter will be released.

The standard contents of the infosheet are the following:

- International dimension, with an overview of main indicators on international activities, academic offer, reasons for choosing to enrol at the university
- International students, including application procedure, visa requirements, availability of Vietnamese language classes, information on libraries and housing
- Erasmus+ mobility, detailing admission requirements, application procedure, financial support and duration, contact information for students, teachers and administrative staff
- International projects, providing the list of current projects implemented as coordinator or partner
- Other activities, comprising sections on visiting professors, academic cooperation agreements, double degrees, joint degrees, courses taught in foreign languages.

Here below there is the list of the 4 infosheets on international section of Vietnamese universities' websites:
