

The background of the slide is a composite image. It features a view of Earth from space, showing a horizon line with a bright sunset or sunrise. The sun is a glowing orb on the horizon, casting a lens flare. The sky transitions from a deep blue at the top to a warm orange and yellow near the horizon. In the upper right corner, the wing and tail of a white airplane are visible, flying towards the horizon. The overall composition is dynamic and evokes a sense of global travel and exploration. There are also decorative elements: a grid of white dots in the top left corner and a larger, more complex pattern of white dots in the bottom right corner, along with thin white curved lines that sweep across the image.

ERASMUS MOBILITY

Discover. Experience. Share.

ACADEMIC EXCHANGE AND COLLABORATION

- Participate in lectures, seminars
- Share and learn new pedagogical approach
- Acquire knowledge and innovative teaching from good practices
- Potential for joint teaching
- Integration of international perspective
- facilitate joint research activities

STUDENT ENGAGEMENT

- Interacting with international students
- Engagement and cross-cultural dialogue
- Fostering intercultural competencies

INSTITUTIONAL IMPACT

- Potential collaboration for double degree, PhD program
- Strengthen international network with partner universities (MoU)
- Joint seminar and research
- Collaboration on staff and student exchange

- Adaptability
- Cross-cultural communication skills.
- Improved teaching method
- Curriculum Development
- Enhance academic networks

PERSONAL GROWTH & INSIGHT
